FOR IMMEDIATE RELEASE

DIAMONDROCK HOSPITALITY COMPANY ACQUIRES CARMEL MISSION INN

BETHESDA, Maryland, November 16, 2026 – DiamondRock Hospitality Company (the "Company") announced today its acquisition of the fee simple interest in the 165-room Carmel Mission Inn (the "Hotel"), located in Carmel, California, for total consideration of $73.25 million, or approximately $444,000 per key. The Company acquired the well-established independent hotel through an off-market transaction funded with cash on hand. Located in one of California's most supply-constrained coastal leisure markets, the Hotel combines strong in-place cash flow and limited near-term capital investment requirements with an efficient operating platform and multiple opportunities for earnings growth.

Based on the Hotel's trailing twelve-month results ended October 2026, the purchase price represents 11.2x Hotel EBITDA and an 8.1% capitalization rate on Hotel net operating income ("NOI"). The acquisition is not expected to have a material impact on the Company's fourth quarter 2026 earnings.

"Carmel Mission Inn offers a rare combination of strong in-place cash flow, meaningful scale within Carmel, and a highly desirable location in a supply-constrained leisure market. The acquisition puts our growing free cash flow to work at an attractive initial yield while providing a clear path to incremental earnings over time," said Jeffrey J. Donnelly, Chief Executive Officer of DiamondRock Hospitality Company.

The Hotel is located one mile from Carmel-by-the-Sea and benefits from leisure demand across the Monterey Peninsula, including Pebble Beach, Big Sur, and Monterey. The U.S. Open Golf Championship returns to Pebble Beach in 2027 and 2032. At 165 rooms, Carmel Mission Inn is the second largest hotel in Carmel, providing operating efficiencies that are difficult to achieve in a market dominated by smaller hotels and inns. Following a substantial renovation in 2021, the Hotel requires only limited near-term capital investment. DiamondRock intends to build upon the Hotel's existing performance through targeted asset management initiatives focused on revenue management, digital distribution, group demand, food and beverage profitability, and operating efficiencies.

ABOUT THE COMPANY

DiamondRock Hospitality Company (Nasdaq: DRH) is a self-advised real estate investment trust (REIT) that owns a leading portfolio of geographically diversified hotels concentrated in leisure destinations and top gateway markets. The Company owns 36 premium-quality hotels and resorts with 9,644 rooms. The Company has strategically positioned its portfolio to be operated under leading global brand families and independent boutique hotels in the lifestyle segment. For further information on the Company and its portfolio, please visit DiamondRock Hospitality Company's website at www.drhc.com.

This press release contains forward-looking statements within the meaning of federal securities laws and regulations. These forward-looking statements are identified by their use of terms and phrases such as "believe," "expect," "intend," "project," "forecast," "plan" and other similar terms and phrases, including references to assumptions and forecasts of future results. Forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties and other factors which may cause the actual results to differ materially from those anticipated at the time the forward-looking statements are made.

These risks include, but are not limited to, those risks and uncertainties described from time to time in our filings with the Securities and Exchange Commission, including our Annual Report on Form 10-K filed on February 27, 2026 and our Quarterly Reports on Form 10-Q filed on April 30, 2026, July 30, 2026, and November 3, 2026. Although the Company believes the expectations reflected in such forward-looking statements are based upon reasonable assumptions, it can give no assurance that the expectations will be attained or that any deviation will not be material. All information in this release is as of the date of this release, and the Company undertakes no obligation to update any forward-looking statement to conform the statement to actual results or changes in our expectations.

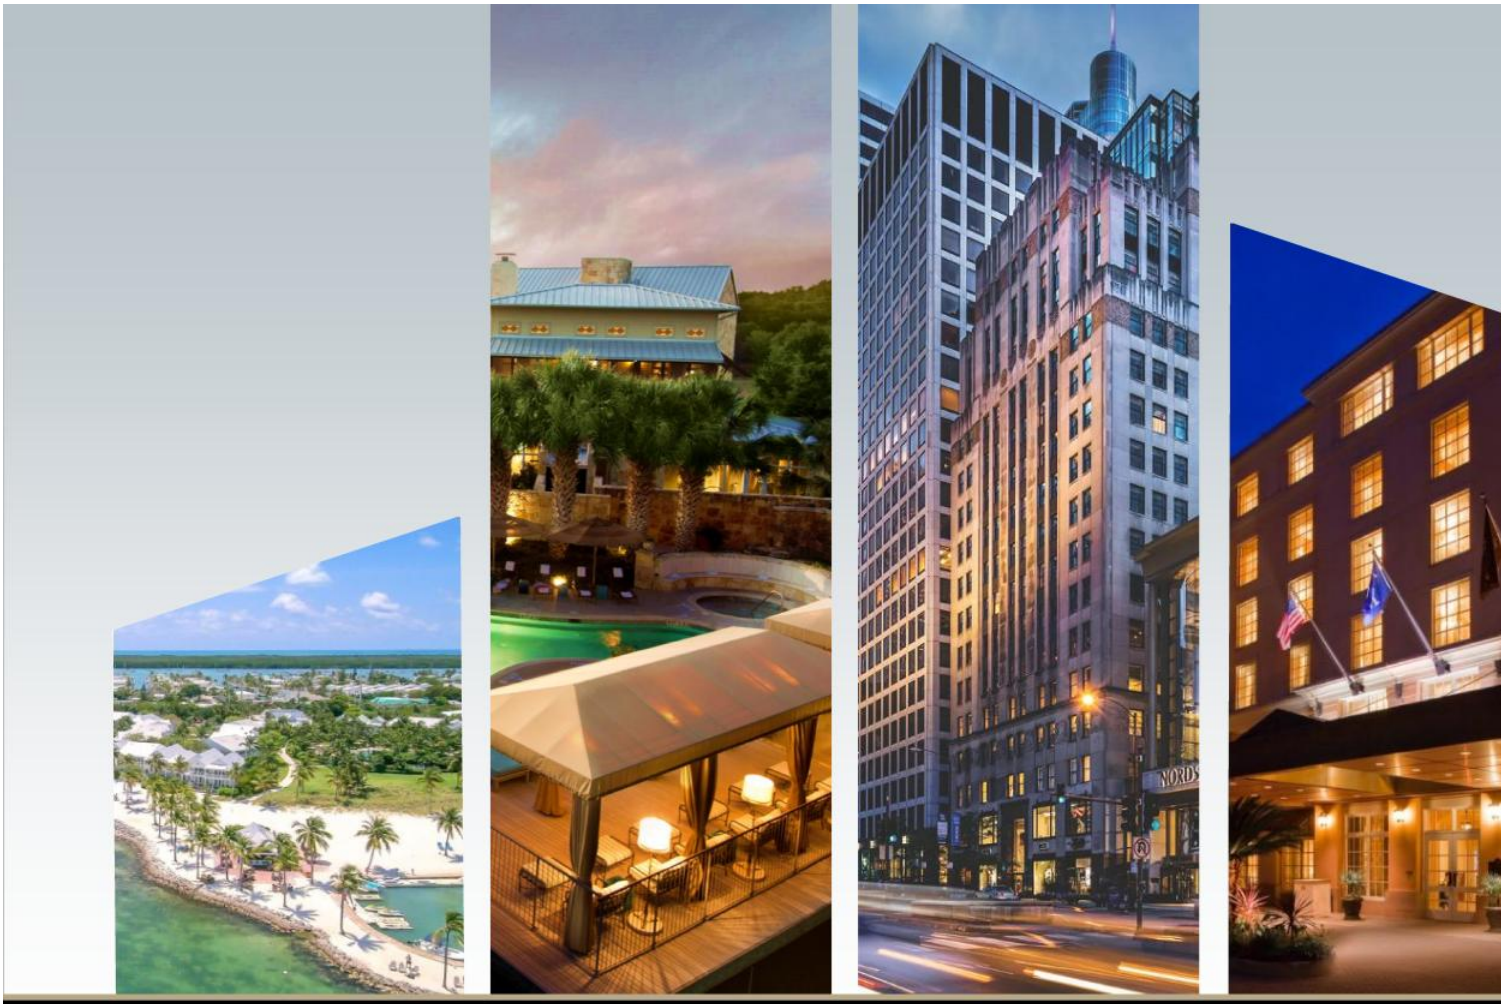

Reconciliation of Hotel Net Income to Hotel EBITDA and Hotel NOI

The following table is a reconciliation of the Hotel's GAAP net income to Hotel EBITDA and Hotel NOI. Hotel NOI represents Hotel EBITDA after the deduction of a capital reserve equal to 4% of Hotel revenues (in millions).

	Trailing Twelve Months Ended October 31, 2026
	(unaudited)
Hotel Net Income	$ 4.3
Depreciation and amortization	2.3
Hotel EBITDA	6.6
Capital reserve	(0.6)
Hotel NOI	$ 5.9

Note: Calculated based on unrounded amounts.

Hotel EBITDA and Hotel NOI are non-GAAP financial measures as defined under Securities and Exchange Commission (SEC) Rules. The Company's presentation of Hotel EBITDA and Hotel NOI should not be considered as an alternative to net income (computed in accordance with GAAP) as an indicator of a hotel's financial performance. The Company presents Hotel EBITDA and Hotel NOI because it believes these measures provide investors and analysts with an understanding of hotel-level operating performance.

FFO

The Company computes FFO in accordance with standards established by Nareit, which defines FFO as net income (calculated in accordance with U.S. GAAP) gains or losses from sales of properties and impairment losses, plus real estate related depreciation and amortization. The Company believes that the prese FFO provides useful information to investors regarding its operating performance because it is a measure of the Company's operations without regard to spe cash items, such as real estate related depreciation and amortization and gains or losses on the sale of assets. The Company also uses FFO as one n assessing its operating results.

Adjustments to EBITDAre and FFO

We adjust EBITDAre and FFO when evaluating our performance because we believe that the exclusion of certain additional items described below provi supplemental information to investors regarding our ongoing operating performance and that the presentation of Adjusted EBITDA and Adjusted FFO when with U.S. GAAP net income, EBITDAre and FFO, is beneficial to an investor's complete understanding of our consolidated and property-level operating perfor adjust EBITDAre and FFO for the following items:

- Non-Cash Lease Expense and Other Amortization: We exclude the non-cash expense incurred from the straight line recognition of expense from our grou and other contractual obligations and the non-cash amortization of our favorable and unfavorable contracts, originally recorded in conjunction with ce acquisitions. We exclude these non-cash items because they do not reflect the actual cash amounts due to the respective lessors in the current period and lesser significance in evaluating our actual performance for that period.
- Cumulative Effect of a Change in Accounting Principle: The Financial Accounting Standards Board promulgates new accounting standards that require or consolidated statement of operations and comprehensive income to reflect the cumulative effect of a change in accounting principle. We exclude the effe adjustments, which include the accounting impact from prior periods, because they do not reflect the Company's actual underlying performance for t period.
- Gains or Losses from Debt Extinguishment: We exclude the effect of gains or losses recorded on debt extinguishment because these gains or losses r transaction activity related to the Company's capital structure that we believe are not indicative of the ongoing operating performance of the Company or ou
- Hotel Acquisition Costs: We exclude hotel acquisition costs expensed during the period because we believe these transaction costs are not reflective of th performance of the Company or our hotels.
- Severance Costs: We exclude corporate severance costs, or reversals thereof, incurred with the termination of corporate-level employees and severa incurred at our hotels related to lease terminations or structured severance programs because we believe these costs do not reflect the ongoing performa Company or our hotels.
- Hotel Manager Transition and Hotel Pre-Opening Costs: We exclude the transition costs associated with a change in hotel manager and the pre-oper associated with the redevelopment or rebranding of a hotel because we believe these items do not reflect the ongoing performance of the Company or our h
- Share-Based Compensation Expense: We exclude share-based compensation expense as it is a non-cash item. This adjustment aligns with the calc Adjusted EBITDA for our financial covenant ratios under our credit facility, supporting consistency in our financial reporting and covenant compliance, comparability with our peers.
- Other Items: From time to time we incur costs or realize gains that we consider outside the ordinary course of business and that we do not believe reflect th performance of the Company or our hotels. Such items may include, but are not limited to, the following: non-cash realized gains or losses on ou compensation plan assets; management or franchise contract termination fees; terminated transaction costs; gains or losses from legal settlements; cost related to natural disasters; and gains on property insurance claim settlements, other than income related to business interruption insurance.

In addition, to derive Adjusted FFO (or AFFO), we exclude any unrealized fair value adjustments to interest rate swaps and the portion of our non-cash gro expense recognized as interest expense. We exclude these non-cash amounts because they do not reflect the underlying performance of the Company. AFF are calculated as Adjusted FFO divided by total revenues.

Adjusted FFO Per Share

The Company calculates Adjusted FFO Per Share as our Adjusted FFO (defined as set forth above) divided by the weighted-average number of fully diluted common stock and operating partnership units outstanding during the applicable period. The Company believes Adjusted FFO Per Share provides useful sup information to investors regarding our ongoing operating performance on a per-share basis and that presentation of Adjusted FFO Per Share should be c together with, and not as a substitute for, diluted earnings per share calculated in accordance with U.S. GAAP.

Free Cash Flow and Free Cash Flow Per Share

The Company calculates Free Cash Flow (or FCF) as Adjusted FFO (defined as set forth above) less capital expenditures as reported in the Company's co statement of cash flows. Free Cash Flow Per Share is calculated as Free Cash Flow divided by the weighted-average number of fully diluted shares of com and operating partnership units outstanding during the applicable period. The Company believes the presentation of these metrics provides useful infor investors regarding profitability as they reflect operating performance after capital expenditures required to maintain and enhance our portfolio. FCF m calculated as FCF divided by total revenues.

Comparable Hotel Operating Statistics and Results

We believe that presenting comparable hotel operating statistics (such as ADR, occupancy, RevPAR, Total RevPAR and Available Rooms) and results (such Revenues, Total Revenues, Total Expenses, Hotel Adjusted EBITDA, and Hotel Adjusted EBITDA Margin) is useful to investors because these measures help year-over-year comparisons of the performance of hotels owned by us as of the reporting date. Our comparable portfolio includes hotels (i) owned and in opera for the entirety of the periods presented and (ii) acquired by us during the period as though the acquisition happened at the beginning of the period presented. adjustments for recently acquired hotels to include operating statistics and results for periods prior to our ownership. As a result, changes as compared to pe to our ownership will not necessarily correspond to changes in our actual results. In addition, comparable metrics exclude results and operating statistics for h were sold during the reporting period or held for sale at the end of the period. We believe these comparable measures provide more consistent metrics for com performance of our hotels. Our comparable portfolio for the nine months ended September 30, 2026 includes all of our hotels owned as of September 30, excludes the Courtyard New York Manhattan/Fifth Avenue sold on May 1, 2026 and the Westin Washington D.C. City Center sold on February 19, 2025.

Hotel Adjusted EBITDA, Hotel NOI and Associated Metrics

We believe that Hotel Adjusted EBITDA provides our investors a useful financial measure to evaluate our hotel operating performance, excluding the impact of structure (primarily interest), our asset base (primarily depreciation and amortization), and our corporate-level expenses. With respect to Hotel Adjusted E believe that excluding the effect of corporate-level expenses provides a more complete understanding of the operating results over which individual hotels party management companies have direct control. We believe property-level results provide investors with supplemental information on the ongoing o performance of our hotels and effectiveness of the third-party management companies operating our business on a property-level basis. Hotel Adjusted EBITD are calculated as Hotel Adjusted EBITDA divided by total hotel revenues. We also use Hotel Adjusted EBITDA when calculating EBITDA multiples to evaluate ac and dispositions. EBITDA multiples are calculated as the sales price divided by Hotel Adjusted EBITDA. We believe using EBITDA multiples allows for a valuation method in comparing the purchase or sale value of properties. Hotel NOI is calculated as Hotel Adjusted EBITDA less the annual contractual capital r renewal and replacement. We use Hotel NOI when calculating capitalization rates, or cap rates, to evaluate acquisitions and dispositions. Cap rates are cal Hotel NOI divided by sales price. As with EBITDA multiples, we believe using cap rates allows for a consistent valuation method in comparing the purchase or of properties.
