Independent Auditors' Report

The Member WSRH Atlanta Waverly Mezz, L.L.C.:

We have audited the accompanying consolidated balance sheet of WSRH Atlanta Waverly Mezz, L.L.C. (a Delaware limited liability company) (the Company) as of October 6, 2006 and the related consolidated statements of operations, member's equity, and cash flows for the period from December 31, 2005 to October 6, 2006. These consolidated financial statements are the responsibility of the management of the Company. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of WSRH Atlanta Waverly Mezz, L.L.C. as of October 6, 2006 and the results of their operations and their cash flows for the period from December 31, 2005 to October 6, 2006, in conformity with U.S. generally accepted accounting principles.

Notes to Consolidated Financial Statements

October 6, 2006

(1) Organization

WSRH Atlanta Waverly Mezz, L.L.C. (WSRH Atlanta Waverly Mezz), a Delaware limited liability company, was formed on June 17, 2005 by WSRH Holdings, LLC (WSRH Holdings). WSRH Holdings owns 100% of the Company. Concurrently, WSRH Atlanta Waverly Mezz formed WSRH Atlanta Waverly, L.L.C. (WSRH Atlanta Waverly), a wholly owned Delaware limited liability company. WSRH Atlanta Waverly Mezz and WSRH Atlanta Waverly shall exist until terminated, as provided in the limited liability company agreements. WSRH Atlanta Waverly was formed to acquire, own, and operate the Renaissance Atlanta Waverly Hotel (the Hotel), a 521-room hotel in Atlanta, Georgia. An independent hotel operator operates the Hotel under an existing management agreement (note 5). The Hotel was acquired on June 17, 2005.

The accompanying consolidated financial statements include the accounts of WSRH Atlanta Waverly Mezz and WSRH Atlanta Waverly, collectively known as the "Company." The effects of all significant intercompany balances and transactions between WSRH Atlanta Waverly Mezz and WSRH Atlanta Waverly have been eliminated in consolidation.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The Company is operated on a calendar year basis. However, the Hotel's fiscal year comprises 52 or 53 weeks, ending on the Friday closest to December 31. The consolidated financial statements relate to the period from December 31, 2005 to October 6, 2006, which coincides with the end of period 10 of the Hotel's fiscal year.

(b) Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments purchased with an original maturity date of three months or less.

(c) Cash Held by Hotel Manager

Cash held by hotel manager includes cash of the Company held at the Hotel level bank accounts maintained by the hotel manager on behalf of the Company. Cash held by hotel manager includes highly liquid investments purchased with an original maturity date of three months or less.

(d) Restricted Cash

Restricted cash consists of amounts reserved for interest and capital improvements as required pursuant to the terms of the loan agreements.

(e) Inventories

Inventories, consisting primarily of food and beverage, are stated at the lower of cost or market. Cost is determined using the first-in, first-out method.

(A Delaware Limited Liability Company)

Notes to Consolidated Financial Statements (Continued)

October 6, 2006

(f) Investment in Hotel Property

On June 17, 2005, the Company acquired the Hotel for a total purchase price of \$88,038,000 before closing costs and prorations. The acquisition was financed through a combination of third-party notes payable totaling \$78,500,000 (note 3), and capital contributions of approximately \$18,764,000.

Investment in hotel property is stated at cost and is depreciated using the straight-line method over estimated useful lives of 39 years for building, 15 years for improvements, and 5 years for furniture, fixtures, and equipment.

The Company capitalizes expenditures for major additions and improvements and charges operating expenses for the cost of current maintenance and repair expenditures, which do not materially improve or extend the life of the respective assets.

(g) Impairment of Long-Lived Assets

The Company periodically reviews the carrying value of the Hotel for impairment if circumstances exist indicating the carrying value of the investment in the Hotel may not be recoverable. If events or circumstances support the possibility of impairment, the Company prepares a projection of the undiscounted future cash flows, without interest charges, of the Hotel to determine if the investment is recoverable. If impairment is indicated, an adjustment will be made to the carrying value of the Hotel to reduce the carrying value to its current fair value. The Company does not believe that there are any events or circumstances indicating impairment of its investment in the Hotel at October 6, 2006.

(h) Acquisitions

The acquisition of the Hotel was accounted for utilizing the purchase method and, accordingly, the results of operations are included in the Company's results of operations from the date of acquisition. The Company has used estimates of future cash flows and other valuation techniques to allocate the purchase price of the acquired Hotel among land, building and improvements, furniture, fixtures, and equipment and other acquired intangibles.

(i) Revenue Recognition

The Company recognizes hotel operating revenue on an accrual basis consistent with the Hotel's operations.

(j) Derivatives and Hedging Instruments

The Company may use derivative instruments such as interest rate swaps and caps primarily to manage exposure to variability of cash flows to be paid related to interest rate risks inherent in variable rate debt. All of the Company's derivatives are recognized as assets or liabilities on the balance sheet and are recorded at fair value. The Company does not enter into derivatives for speculative or trading purposes.

(A Delaware Limited Liability Company)

Notes to Consolidated Financial Statements (Continued)

October 6, 2006

To the extent the Company designates a derivative as a hedging instrument, the effective portion of change in the fair value of the derivative would initially be reported in other comprehensive income (loss) and subsequently recognized in the income statement when the hedged transaction affects income. The ineffective portion of the change in the fair value is recognized as interest expense. The Company would classify such derivatives as cash flow hedges and formally document all relationships between the hedging instruments and the hedged items, as well as its risk management objectives and strategies for undertaking the hedge transactions and how hedge effectiveness and ineffectiveness will be measured.

To the extent the Company does not designate a derivative as a hedging instrument, the change in the fair value of the derivative is reported in current earnings (other income or expense).

(k) Income Taxes

No provision for income taxes has been made as the liability for such taxes is that of the member of the Company. In certain instances, the Company may be subject to certain state and local income taxes. For the period from December 31, 2005 to October 6, 2006, no provision for state and local income taxes was required.

(1) Deferred Financing Costs

Loan fees and costs have been deferred and are being amortized over the term of the loan. Deferred financing costs are shown net of accumulated amortization of \$94,148 at October 6, 2006.

(m) Use of Estimates

In preparing the consolidated financial statements in conformity with U.S. generally accepted accounting principles, management of the Company makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(n) Asset Retirement Obligations

Statement of Financial Accounting Standards (SFAS) No. 143, *Accounting for Asset Retirement Obligations*, requires that the fair value of a liability for an asset retirement obligation be recognized in the period in which it is incurred if a reasonable estimate of the fair value can be made. During 2005, FASB Interpretation No. 47, *Accounting for Conditional Asset Retirement Obligations*, was issued, clarifying the required accounting and measurement process for an asset retirement obligation for which settlement is subject to uncertainties that may or may not be within the control of an entity (a conditional asset retirement obligation). In connection with the issuance of this Interpretation, the Company evaluated any potential asset retirement obligations including those related to disposal of asbestos-containing materials. Based on this review conducted in the year of acquisition, the Company did not identify any significant conditional asset retirement obligations related to the Hotel.

(3) Notes Payable

On June 17, 2005, the Company obtained a loan in the amount of \$67,500,000 to fund the acquisition of the Hotel. The loan is secured by the Hotel and requires monthly installments of interest-only payments at a rate of one-month LIBOR plus 1.28% (6.65% at October 6, 2006) through maturity on July 9, 2008. The loan allows for two one-year extensions of the maturity date if certain conditions are satisfied.

In addition to the above loan, on June 17, 2005, the Company obtained a mezzanine note totaling \$11,000,000 to fund the acquisition of the Hotel. The mezzanine note is payable in monthly installments of interest only at a rate of one-month LIBOR plus 4.88% through maturity on July 9, 2008 (10.25% at October 6, 2006) and is unsecured. The mezzanine note allows for two one-year extensions of the maturity date if certain conditions are satisfied.

In connection with the above mentioned notes, the Company entered into the following interest rate cap agreements that continued to be in place as of October 6, 2006:

Instrument	 Notional amount	Cap rate at October 6, 2006	Expiration date		Cap premium	Fair value of interest rate cap at October 6, 2006
Interest rate cap	\$ 33,750,000	5.0%	7/9/2008	\$	160,000	170,351
Interest rate cap	33,750,000	9.3%*	7/9/2008		3,150	1,121
Interest rate cap	5,500,000	5.0%	7/9/2008		26,000	27,761
Interest rate cap	 5,500,000	9.3%*	7/9/2008		1,350	163
	\$ 78,500,000			\$	190,500	199,396
				_		

^{*} Percentage increases during the interest rate cap term.

The Company elected to not designate the interest rate caps as hedges under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*, and, as such, the Company recognizes changes in fair value into earnings. For the period from December 31, 2005 to October 6, 2006, the Company recognized a loss of \$13,263, which is included in other operating expenses in the accompanying consolidated statement of operations.

(4) Due from Affiliate

Certain payments have been made by the Company on behalf of an affiliate. Such payments have been accrued and are included in due from affiliate in the accompanying consolidated balance sheet.

(5) Management Agreement

On June 17, 2005, the Company entered into a Management Agreement with Renaissance Hotel Operating Partnership (Renaissance or Manager). The Management Agreement expires in 2025 with three automatic extensions for periods of 10 years each. The Management Agreement requires a base management fee equal to 3% of gross revenues (as defined) and an incentive management fee equal to 20% of available cash (as defined). Pursuant to the terms of the Management Agreement, Renaissance provides the Hotel with various services and supplies, including marketing, reservations, construction management, and insurance. The costs incurred relating to these arrangements may have been significantly different had they been provided by an independent third party. Renaissance also provides working capital sufficient to fund the day-to-day operations of the Hotel.

(A Delaware Limited Liability Company)

Notes to Consolidated Financial Statements (Continued)

October 6, 2006

Base and incentive management fee expense was approximately \$841,000 and \$0, respectively, for the period from December 31, 2005 to October 6, 2006.

The Manager is responsible for maintaining the Hotel's furniture, fixtures, and equipment and making purchases as considered necessary. Pursuant to the Management Agreement, the Company is responsible for funding an escrow account (the FF&E Reserve) with 4% of the Hotel's gross revenue, as defined in the Management Agreement, for capital expenditures and the replacement or refurbishment of furniture, fixtures, and equipment of the Hotel. Upon purchase of furniture, fixtures, and equipment, the Manager requests reimbursement from the FF&E Reserve. At October 6, 2006, the FF&E Reserve balance was approximately \$1,161,800 and is included in restricted cash in the accompanying consolidated balance sheet.

(6) Employee Benefit Plan

Renaissance sponsors and maintains a 401(k) savings plan that full-time employees of the Hotel are offered participation in upon completion of one year of service. Employee contributions to the plan are matched by Renaissance on a percentage basis up to 6% of employee salaries. Renaissance's contribution for the period from December 31, 2005 to October 6, 2006 was approximately \$207,000, which was reimbursed by the Company, and was recorded in general and administrative expense in the accompanying consolidated statement of operations.

(7) Commitments and Contingencies

The nature of the operations of the Hotel exposes it to the risk of claims and litigation in the normal course of its business. Although the outcome of such matters cannot be determined, management believes the ultimate resolution of these matters will not have a material adverse effect on the financial position or operations of the Company.

(8) Oversight Agreement

On June 17, 2005, the Company entered into an Oversight Agreement with SCS Hotels, Inc. (SCS). The Oversight Agreement expires in one year with a one-year automatic extension period. The Company extended the Oversight Agreement for one-year effective June 17, 2006. The Oversight Agreement requires a fee of \$25,000 per quarter. Pursuant to the terms of the Oversight Agreement, SCS advises the Company in various areas, including monitoring of Hotel operations, budgets, capital expenditures, and marketing. Oversight fees of approximately \$75,000 are included in management fee expense on the accompanying consolidated statement of operations.

(9) Subsequent Event

On November 13, 2006, the Company entered into a contract to sell the Hotel to an unrelated third party for a gross sale price of \$130,000,000. The sale transaction closed on December 8, 2006.

Notes to Consolidated Financial Statements

October 6, 2006

(1) Organization

WSRH Austin Mezz, L.P. (WSRH Austin Mezz), a Delaware limited partnership, was formed on June 17, 2005 by WSRH Austin Mezz G.P., L.L.C. (Austin Mezz GP), as general partner, and WSRH Holdings, L.L.C., (WSRH Holdings) as limited partner. Austin Mezz GP is a wholly owned subsidiary of WSRH Holdings. Austin Mezz GP and WSRH Holdings own 0.5% and 99.5%, respectively, of the Partnership. Concurrently, WSRH Austin Mezz formed WSRH Austin, G.P., L.L.C. (WSRH Austin) and WSRH Austin, L.P. (Austin LP). WSRH Austin Mezz, WSRH Austin, and Austin LP shall exist until terminated, as provided in the limited partnership agreements. Austin LP was formed to acquire, own, and operate the Renaissance Austin Hotel (the Hotel), a 473-room hotel in Austin, Texas. An independent hotel operator operates the Hotel under an existing management agreement (note 6). The Hotel was acquired on June 17, 2005.

The accompanying consolidated financial statements include the accounts of WSRH Austin Mezz, WSRH Austin, and Austin LP, collectively known as the "Partnership." The effects of all significant intercompany balances and transactions between WSRH Austin Mezz, WSRH Austin, and Austin LP have been eliminated in consolidation.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The Partnership is operated on a calendar year basis. However, the Hotel's fiscal year comprises 52 or 53 weeks, ending on the Friday closest to December 31. The consolidated financial statements relate to the period from December 31, 2005 to October 6, 2006, which coincides with the end of period 10 of the Hotel's fiscal year.

(b) Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments purchased with an original maturity date of three months or less.

(c) Cash Held by Hotel Manager

Cash held by hotel manager includes cash of the Partnership held at the Hotel level bank accounts maintained by the hotel manager on behalf of the Partnership. Cash held by hotel manager includes highly liquid investments purchased with an original maturity date of three months or less.

(d) Restricted Cash

Restricted cash consists of amounts reserved for interest and capital improvements as required pursuant to the terms of the loan agreements.

(e) Inventories

Inventories, consisting primarily of food and beverage, are stated at the lower of cost or market. Cost is determined using the first-in, first-out method.

(A Delaware Limited Partnership)

(f) Investment in Hotel Property

On June 17, 2005, the Partnership acquired the Hotel for a total purchase price of \$51,648,000 before closing costs and prorations. The acquisition was financed through a combination of third-party notes payable totaling \$44,000,000 (note 3), and capital contributions of approximately \$10,878,000.

Investment in hotel property is stated at cost and is depreciated using the straight-line method over estimated useful lives of 39 years for building, 15 years for improvements, and 5 years for furniture, fixtures, and equipment.

The Partnership capitalizes expenditures for major additions and improvements and charges operating expenses for the cost of current maintenance and repair expenditures, which do not materially improve or extend the life of the respective assets.

(g) Impairment of Long-Lived Assets

The Partnership periodically reviews the carrying value of the Hotel for impairment if circumstances exist indicating the carrying value of the investment in the Hotel may not be recoverable. If events or circumstances support the possibility of impairment, the Partnership prepares a projection of the undiscounted future cash flows, without interest charges, of the Hotel to determine if the investment is recoverable. If impairment is indicated, an adjustment will be made to the carrying value of the Hotel to reduce the carrying value to its current fair value. The Partnership does not believe that there are any events or circumstances indicating impairment of its investment in the Hotel at October 6, 2006.

(h) Acquisitions

The acquisition of the Hotel was accounted for utilizing the purchase method and, accordingly, the results of operations are included in the Partnership's results of operations from the date of acquisition. The Partnership has used estimates of future cash flows and other valuation techniques to allocate the purchase price of the acquired Hotel among land, building and improvements, furniture, fixtures, and equipment and other acquired intangibles.

(i) Revenue Recognition

The Partnership recognizes hotel operating revenue on an accrual basis consistent with the Hotel's operations.

(j) Derivatives and Hedging Instruments

The Partnership may use derivative instruments such as interest rate swaps and caps primarily to manage exposure to variability of cash flows to be paid related to interest rate risks inherent in variable rate debt. All of the Partnership's derivatives are recognized as assets or liabilities on the balance sheet and are recorded at fair value. The Partnership does not enter into derivatives for speculative or trading purposes.

To the extent the Partnership designates a derivative as a hedging instrument, the effective portion of change in the fair value of the derivative would initially be reported in other comprehensive income (loss) and subsequently recognized in the income statement when the hedged transaction affects income. The ineffective portion of the change in the fair value is recognized as interest expense. The Partnership would classify such derivatives as cash flow hedges and formally document all relationships between the hedging instruments and the hedged items, as well as its risk management objectives and strategies for undertaking the hedge transactions and how hedge effectiveness and ineffectiveness will be measured.

(A Delaware Limited Partnership)

Notes to Consolidated Financial Statements (Continued)

October 6, 2006

To the extent the Partnership does not designate a derivative as a hedging instrument, the change in the fair value of the derivative is reported in current earnings (other income or expense).

(k) Income Taxes

No provision for income taxes has been made as the liability for such taxes is that of the partners of the Partnership. In certain instances, the Partnership may be subject to certain state and local income taxes. For the period from December 31, 2005 to October 6, 2006, no provision for state and local income taxes was required.

(l) Deferred Financing Costs

Loan fees and costs have been deferred and are being amortized over the term of the loan. Deferred financing costs are shown net of accumulated amortization of \$69,678 at October 6, 2006.

(m) Use of Estimates

In preparing the consolidated financial statements in conformity with U.S. generally accepted accounting principles, management of the Partnership makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(n) Asset Retirement Obligations

Statement of Financial Accounting Standards (SFAS) No. 143, *Accounting for Asset Retirement Obligations*, requires that the fair value of a liability for an asset retirement obligation be recognized in the period in which it is incurred if a reasonable estimate of the fair value can be made. During 2005, FASB Interpretation No. 47 *Accounting for Conditional Asset Retirement Obligations*, was issued, clarifying the required accounting and measurement process for an asset retirement obligation for which settlement is subject to uncertainties that may or may not be within the control of an entity (a conditional asset retirement obligation). In connection with the issuance of this Interpretation, the Partnership evaluated any potential asset retirement obligations including those related to disposal of asbestos-containing materials. Based on this review conducted in the year of acquisition, the Partnership did not identify any significant conditional asset retirement obligations related to the Hotel.

(3) Notes Payable

On June 17, 2005, the Partnership obtained a loan in the amount of \$38,500,000 to fund the acquisition of the Hotel. The loan is secured by the Hotel and requires monthly installments of interest-only payments at a rate of one-month LIBOR plus 1.28% (6.66% at October 6, 2006) through maturity on July 9, 2008. The loan allows for two one-year extensions of the maturity date if certain conditions are satisfied.

(A Delaware Limited Partnership)

Notes to Consolidated Financial Statements (Continued)

October 6, 2006

In addition to the above loan, on June 17, 2005, the Partnership obtained a mezzanine note totaling \$5,500,000 to fund the acquisition of the Hotel. The mezzanine note is payable in monthly installments of interest only at a rate of one-month LIBOR plus 4.88% through maturity on July 9, 2008 (10.25% at October 6, 2006) and is unsecured. The mezzanine note allows for two one-year extensions of the maturity date if certain conditions are satisfied.

In connection with the above mentioned notes, the Partnership entered into the following interest rate cap agreements that continued to be in place as of October 6, 2006:

Instrument		Notional amount	Cap rate at October 6, 2006	Expiration date		Cap premium	Fair value of interest rate cap at October 6, 2006
Interest rate cap	\$	19,250,000	5.0%	7/9/2008	\$	91,000	97,163
Interest rate cap		19,250,000	7.2%*	7/9/2008		8,000	4,488
Interest rate cap		2,750,000	5.0%	7/9/2008		13,000	13,880
Interest rate cap	_	2,750,000	7.2%*	7/9/2008		2,000	641
	\$	44,000,000			\$	114,000	116,172

^{*} Percentage increases during the interest rate cap term.

The Partnership elected to not designate the interest rate caps as hedges under SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*, and, as such, the Partnership recognizes changes in fair value into earnings. For the period from December 31, 2005 to October 6, 2006, the Partnership recognized a loss of \$10,139, which is included in other operating expenses in the accompanying consolidated statement of operations.

(4) Due from Affiliate

Certain payments have been made by the Partnership on behalf of an affiliate. Such payments have been accrued and are included in due from affiliate in the accompanying consolidated balance sheet.

(5) Limited Partnership Agreement

Pursuant to the terms of the Limited Partnership Agreement, WSRH Austin Mezz GP and WSRH Holdings own 0.5% and 99.5%, respectively, of the Partnership. The Partnership shall continue until terminated as provided in the Limited Partnership Agreement. The Limited Partnership Agreement provides that all contributions, distributions of proceeds, and profits and losses be made pro rata in accordance with the partners' ownership interests.

(A Delaware Limited Partnership)

Notes to Consolidated Financial Statements (Continued)

October 6, 2006

(6) Management Agreement

On June 17, 2005, the Partnership entered into a Management Agreement with Renaissance Hotel Operating Partnership (Renaissance or Manager). The Management Agreement expires in 2025 with three automatic extensions for periods of 10 years each. The Management Agreement requires a base management fee equal to 3% of gross revenues (as defined) and an incentive management fee equal to 20% of available cash (as defined). Pursuant to the terms of the Management Agreement, Renaissance provides the Hotel with various services and supplies, including marketing, reservations, construction management, and insurance. The costs incurred relating to these arrangements may have been significantly different had they been provided by an independent third party. Renaissance also provides working capital sufficient to fund the day-to-day operations of the Hotel.

Base and incentive management fee expense was approximately \$724,000 and \$173,000, respectively, for the period from December 31, 2005 to October 6, 2006. The incentive management fee calculation was based on the proration of the annual threshold for the period from December 31, 2005 to October 6, 2006.

The Manager is responsible for maintaining the Hotel's furniture, fixtures, and equipment and making purchases as considered necessary. Pursuant to the Management Agreement, the Partnership is responsible for funding an escrow account (the FF&E Reserve) with 4% of the Hotel's gross revenue, as defined in the Management Agreement, for capital expenditures and the replacement or refurbishment of furniture, fixtures, and equipment of the Hotel. Upon purchase of furniture, fixtures, and equipment, the Manager requests reimbursement from the FF&E Reserve. At October 6, 2006, the FF&E Reserve balance was approximately \$10,259 and is included in restricted cash in the accompanying consolidated balance sheet.

(7) Employee Benefit Plan

Renaissance sponsors and maintains a 401(k) savings plan that full-time employees of the Hotel are offered participation in upon completion of one year of service. Employee contributions to the plan are matched by Renaissance on a percentage basis up to 6% of employee salaries. Renaissance's contribution for the period from December 31, 2005 to October 6, 2006 was approximately \$169,000, which was reimbursed by the Partnership, and was recorded in general and administrative expense in the accompanying consolidated statement of operations.

(8) Commitments and Contingencies

The nature of the operations of the Hotel exposes it to the risk of claims and litigation in the normal course of its business. Although the outcome of such matters cannot be determined, management believes the ultimate resolution of these matters will not have a material adverse effect on the financial position or operations of the Partnership.

(A Delaware Limited Partnership)

Notes to Consolidated Financial Statements (Continued)

October 6, 2006

(9) Oversight Agreement

On June 17, 2005, the Partnership entered into an Oversight Agreement with SCS Hotels, Inc. (SCS). The Oversight Agreement expires in one year with a one-year automatic extension period. The Partnership extended the Oversight Agreement for one-year effective June 17, 2006. The Oversight Agreement requires a fee of \$25,000 per quarter. Pursuant to the terms of the Oversight Agreement, SCS advises the Partnership in various areas, including monitoring of hotel operations, budgets, capital expenditures, and marketing. Oversight fees of approximately \$75,000 are included in management fee expense on the accompanying consolidated statement of operations.

(10) Subsequent Event

On November 13, 2006, the Partnership entered into a contract to sell the Hotel to an unrelated third party for a gross sale price of \$107,500,000. The sale transaction closed on December 8, 2006.

In the opinion of our management, all material adjustments to reflect the effects of the preceding transactions have been made. The accompanying unaudited Pro Forma Consolidated Statement of Operations for the year ended December 31, 2005 is presented for illustrative purposes only and is not necessarily indicative of what the actual results of operations would have been had the transactions described above occurred on January 1, 2005, nor does it purport to represent our future results of operations. The accompanying pro forma statement of operations for the year ended December 31, 2005 excludes the pre-acquisition operating results of the SpringHill Suites Atlanta Buckhead since it was opened on July 1, 2005 and has no historical operating results.

Notes and Management Assumptions:

- **K** Represents the adjustment to record historical revenues and operating expenses associated with the 2006 and 2005 acquisitions of the following hotels:
 - Torrance Marriott
 - Vail Marriott

- Capital Hotel Investment Portfolio
- Oak Brook Hills Marriott Resort
- Orlando Airport Marriott
- Chicago Marriott
- Westin Atlanta North
- Conrad Chicago
- Renaissance Austin Hotel
- Renaissance Waverly Hotel
- L Reflects the adjustment to include the depreciation and amortization resulting from the 2006 and 2005 hotel acquisitions as follows:

Hotel

Torrance Marriott	\$ 51,663
Vail Marriott	1,108,399
Capital Hotel Investment Portfolio	4,979,981
Oak Brook Hills Marriott Resort	1,934,359
Orlando Airport Marriott	4,170,057
Chicago Marriott	10,129,400

Renaissance Austin Hotel	4,176,250
Renaissance Waverly Hotel	4,418,750
	-
Total	\$ 36,935,313

- M Reflects the adjustment to our historical income tax provision to reflect the proforma tax provision of our Taxable REIT Subsidiary assuming we had elected REIT status and the TRS leases were in place as of January 1, 2005. Our Taxable REIT Subsidiary's proforma pre-tax loss was \$4.4 million for the year ended December 31, 2005. The proforma income tax provision was calculated using our Taxable REIT Subsidiary's historical effective income tax rate. The proforma income tax provision includes the \$1.4 million income tax charge as a result of our REIT election in 2005 that is reflected in the historical financial statements.
- N Reflects the adjustment to include interest expense incurred for mortgage debt relating to the Capital Hotel Investment Portfolio, the Frenchman's Reef & Morning Star Marriott Beach Resort, the Orlando Airport Marriott, the Chicago Marriott, the Renaissance Austin Hotel and the Renaissance Waverly Hotel. The adjustment also includes the unused facility fee on the \$75 million senior secured credit facility.
- Reflects the adjustment to reduce interest expense by \$1,594,190 for interest and deferred financing cost amortization of the mortgage debt related to the Torrance Marriott, which was repaid with the proceeds of our initial public offering, by \$691,837 for interest and deferred financing cost amortization of the mortgage debt related to the Lodge at Sonoma, a Renaissance Resort & Spa which was repaid with the proceeds of our initial public offering, offset by an increase of interest expense by \$1,872,795 relating to the refinancing of the Courtyard Fifth Avenue mortgage debt. The Courtyard Manhattan / Fifth Avenue adjustment consists of (a) \$3,421,183 of interest expense and deferred financing cost amortization on the \$51 million fixed rate mortgage debt, less (b) \$1,548,388 of interest expense and deferred financing cost amortization recorded in the historical financial statements related to the \$23 million variable rate mortgage debt. Adjustment also reflects the \$137,000 reduction of interest expense included in the historical financial statements related to the \$12 million draws under the senior secured credit facility that were repaid with proceeds from the follow-on offering.
