William W. McCarten, chairman and chief executive officer, stated: "DiamondRock had a very productive and successful first quarter. The Company acquired the Westin Boston Waterfront and improved our already outstanding balance sheet with another successful equity raise and completed a new unsecured credit facility which lowered our cost of borrowing, and recorded strong operating results. The Company also raised its quarterly dividend by 33%. For the balance of 2007, we continue to see strong fundamentals with constrained supply in the urban and resort markets and solid demand from all the customer segments." Operating Results Please see "Certain Definitions" and "Non-GAAP Financial Measures" attached to this press release for an explanation of the terms "EBITDA," "Adjusted EBITDA," "Hotel Adjusted EBITDA Margin," "FFO," "Adjusted FFO" and "Same Store." Moreover, the discussions of RevPAR, Adjusted EBITDA and Hotel Adjusted EBITDA Margin assume that the hotels acquired during 2007 were owned by us for the comparable periods of 2006.

For the first quarter, beginning January 1, 2007 and ended March 23, 2007, the Company reported the following:

- -- Revenues of \$133.7 million compared to \$83.1 million for the comparable period in 2006.
- -- Adjusted EBITDA was \$34.0 million compared to \$20.9 million for the comparable period in 2006.
- -- Adjusted FFO and Adjusted FFO per diluted share were \$24.2 million and \$0.26, respectively, compared to \$15.1 million and \$0.29, respectively, for the comparable period in 2006.
- -- Net income of \$6.8 million (or \$0.07 per diluted share) compared to \$4.4 million (or \$0.08 per diluted share) for the comparable period in 2006.

Same-store RevPAR for the first quarter increased 9.7 percent from \$109.21 to \$119.77 as compared to the same period in 2006, driven by a 7.7 percent increase in the average daily rate and a 1.4 percentage point increase in occupancy (from 70.6 percent to 72.0 percent). Same-store hotel Adjusted EBITDA margins for our hotels increased 183 basis points over the same period in the prior year. Comparisons to prior periods were positively impacted by renovation disruption from first quarter 2006 renovations at the Courtyard Midtown East and the Bethesda Marriott Suites.

Operating Results Compared to Prior Guidance

The following is a chart showing our actual first quarter 2007 results compared to our guidance for the first quarter 2007:

| | 1Q 2007 Guidance | Actual 1Q 2007 Results |
|--------------------|--------------------------|---------------------------|
| RevPAR Growth | 8% to 10% | 9.7% |
| Adjusted EBITDA | \$31.5 to \$33.5million | \$34.0million |
| Adjusted FFO | \$ 22.9 to \$24.9million | \$ 24.2million |
| Adjusted FFO/Share | \$ 0.25 to \$0.27per | \$ 0.26 per diluted share |
| | diluted share | |

Balance Sheet

As of the end of the first quarter, the Company had total assets of approximately \$2.1 billion. Cash and cash equivalents were \$42.3 million, including \$24.9 million of restricted cash.

As of the end of the first quarter, the Company had total debt of approximately \$864.4 million, comprised of fixed-rate, property specific mortgages and draws on our unsecured credit facility with a weighted average interest rate of 5.7 percent and a weighted average maturity of 8 years. Nine of the Company's 21 hotels were unencumbered by mortgage debt as of March 23, 2007.

As of the end of the first quarter, the Company continued to own 100% of its properties directly and has issued no operating partnership units or preferred stock.

Outlook

The Company is providing guidance, but does not undertake to update it for any developments in our business. Achievement of the anticipated results is subject to the risks disclosed in our filings with the Securities and Exchange Commission. The RevPAR guidance is presented on a pro forma basis as it assumes that we owned all of our hotels for the comparable prior year periods.

For the second fiscal quarter of 2007, we expect:

- -- Same-store RevPAR to increase 7 to 8 percent.
- -- Adjusted EBITDA of \$51 million to \$53 million.
- -- Adjusted FFO of \$36 million to \$38 million.
- -- Adjusted FFO per share of \$0.38 to \$0.40 based on 95.1 million diluted weighted average shares.

We are maintaining our guidance for the full year 2007. We expect:

- -- Same-store RevPAR to increase 8 to 10 percent.
- -- Adjusted EBITDA of \$204 million to \$208 million.
- -- Adjusted FFO of \$148.6 million to \$152.6 million.
- -- Adjusted FFO per share of \$1.58 to \$1.62, based on 94.3 million diluted weighted average shares.

Dividend Increased 33%

The Company increased its quarterly dividend to \$0.24 (\$0.96 annualized), representing a 33% increase from 2006. On April 2, 2007, a cash dividend of \$0.24 per share was paid to shareholders of record as of March 23, 2007, the last day of our fiscal first quarter.

2007 Major Capital Expenditures

We have and continue to make significant capital investments in our hotels. In 2007, we plan to undertake approximately \$70 to \$80 million of capital improvements at our hotels. We incurred \$12.8 million of capital projects in the first fiscal quarter. The most significant projects are as follows:

- -- Chicago Marriott Downtown: The Company is currently in the planning stages of a \$35 million renovation of the hotel. The renovation includes a complete redo of all the meeting and ballrooms, adding 17,000 square feet of new meeting space, reconcepting and relocating the restaurant, expanding the lobby bar and creating a Marriott "great room" in the lobby. The work will begin in the second half of 2007 and be completed in the first half of 2008. The estimated disruption, mainly associated with the ballroom renovations, will occur primarily in the first quarter of 2008.
- -- Westin Boston Waterfront: The Company is currently planning the construction of approximately \$15 million of improvements to the unfinished shell space attached to the hotel. The improvements include the creation of over 45,000 square feet of meeting/exhibit space as well as 20,000 square feet for restaurant outlets. The projects will be completed by the end of the first quarter of 2008.
- -- Oak Brook Hills Marriott Resort: The Company completed the significant renovation of the hotel. The renovation included the guestrooms and bathrooms, the main ballroom and meeting rooms and the lobby.
- -- Los Angeles Airport Marriott: The Company plans to renovate 19 suites during the second quarter of 2007 and the breakout meeting rooms in the fourth quarter of 2007.
- -- Griffin Gate Marriott Resort: The Company is currently adding a spa, repositioning and reconcepting the hotel restaurants as well as adding meeting space to the hotel. The projects will be completed by the end of the second quarter of 2007.

-- Westin Atlanta North: The Company plans to renovate the guestrooms during the third quarter of 2007.

These risks include, but are not limited to: national and local economic and business conditions, including the potential for additional terrorist attacks, that will affect occupancy rates at our hotels and the demand for hotel products and services; operating risks associated with the hotel business; risks associated with the level of our indebtedness and our ability to meet covenants in our debt agreements; relationships with property managers; our ability to maintain our properties in a first-class manner, including meeting capital expenditure requirements; our ability to complete planned renovation on budget; our ability to compete effectively in areas such as access, location, quality of accommodations and room rate structures; changes in travel patterns, taxes and government regulations which influence or determine wages, prices, construction procedures and costs; our ability to complete acquisitions; our ability to raise equity capital; the performance of acquired properties after they are acquired; necessary capital expenditures on the acquired properties; and our ability to continue to satisfy complex rules in order for us to qualify as a REIT for federal income tax purposes; and other risks and uncertainties associated with our business described from time to time in our filings with the Securities and Exchange Commission. Although we believe the expectations reflected in such forward-looking statements are based upon reasonable assumptions, it can give no assurance that the expectations will be attained or that any deviation will not be material. All information in this release is as of the date of this release, and we undertake no obligation to update any forward-looking statement to conform the statement to actual results or changes in our expectations.

Reporting Periods for Statement of Operations

The results we report in our consolidated statements of operations are based on results of our hotels reported to us by our hotel managers. Our hotel managers use different reporting periods. Marriott International, the manager of the majority of our hotel properties, uses a fiscal year ending on the Friday closest to December 31 and reports twelve weeks of operations for the first three quarters and sixteen or seventeen weeks for the fourth quarter of the year for its domestic managed hotels. In contrast, Marriott International for its non-domestic hotels (including Frenchman's Reef), Noble Management Group, LLC, our manager of the Westin Atlanta North hotel, Vail Resorts, our manager of the Vail Marriott, Conrad Hotels USA, Inc., our manager of the Conrad Chicago, and Starwood Hotels & Resorts Worldwide, Inc., our manager of the Westin Boston Waterfront report results on a monthly basis. Additionally, the Company, as a REIT, is required by tax law to report results on a calendar year. As a result, the Company has adopted the reporting periods used by Marriott International for its domestic hotels, except that the fiscal year always ends on December 31 to comply with REIT rules. The first three fiscal quarters end on the same day as Marriott International's fiscal quarters but our fourth quarter ends on December 31 and our full year results, as reported in our statement of operations, always include the same number of days as the calendar year.

Two consequences of the reporting cycle we have adopted are: (1) quarterly start dates will usually differ between years, except for the first quarter which always commences on January 1, and (2) our first and fourth quarters of operations and year-to-date operations may not include the same number of days as reflected in prior years.

While the reporting calendar we adopted is more closely aligned with the reporting calendar used by the manager of a majority of our properties, one final consequence of our calendar is we are unable to report any results for Frenchman's Reef, Westin Atlanta North, Vail Marriott, Conrad Chicago, or for the Westin Boston Waterfront for the month of operations that ends after our fiscal quarter-end because neither Vail Resorts, Noble Management Group, LLC, Conrad Hotels USA, Inc., Starwood Hotels & Resorts Worldwide, Inc., nor Marriott International make mid-month results available to us. As a result, our quarterly results of operations include results from Frenchman's Reef, Westin Atlanta North, Vail Marriott, Conrad Chicago, and the Westin Boston Waterfront as follows: first quarter (January and February), second quarter (March to May), third quarter (June to August) and fourth quarter (September to December). While this does not affect full-year results, it does affect the reporting of quarterly results.

Ground Leases

Four of our hotels are subject to ground leases: Bethesda Marriott Suites, Courtyard Manhattan Fifth Avenue, Salt Lake City Downtown Marriott, and the Westin Boston Waterfront. In addition, part of a parking structure at a fifth hotel and two golf courses at two additional hotels are also subject to ground leases. In accordance with GAAP, the Company records rent expense on a straight-line basis for ground leases that provide minimal rental payments that increase in pre-established amounts over the remaining term of the ground lease. For the first quarter 2007, contractual cash rent payable on the ground leases totaled \$0.4 million and the Company recorded approximately \$2.1 million in ground rent expense. The non-cash portion of ground rent expense recorded for the first fiscal quarter was \$1.7 million.

Non-GAAP Financial Measures

We use the following four non-GAAP financial measures that we believe are useful to investors as key measures of our operating performance: (1) EBITDA, (2) Adjusted EBITDA, (3) FFO and (4) Adjusted FFO. EBITDA represents net income (loss) excluding: (1) interest expense; (2) provision for income taxes, including income taxes applicable to sale of assets; and (3) depreciation and amortization. We believe EBITDA is useful to an investor in evaluating our operating performance because it helps investors evaluate and compare the results of our operations from period to period by removing the impact of our capital structure (primarily interest expense) and our asset base (primarily depreciation and amortization) from our operating results. We also use EBITDA as one measure in determining the value of hotel acquisitions and dispositions.

Management also evaluates our performance by reviewing Adjusted EBITDA because the Company believes that the exclusion of certain additional recurring and non-recurring items described below provides useful supplemental information regarding our ongoing operating performance and that the presentation of Adjusted EBITDA, when combined with the primary GAAP presentation of net income, is beneficial to a complete understanding of our operating performance. We adjust EBITDA for the following items, which may occur in any period, and refer to this measure as Adjusted EBITDA:

- -- Non-Cash Ground Rent: We exclude the non-cash expense incurred from straight lining the rent from our ground lease obligations and the non-cash amortization of our favorable lease asset.
- -- The impact of the non-cash amortization of the unfavorable contract liabilities recorded in conjunction with our acquisitions of the Bethesda Marriott Suites and the Chicago Marriott Downtown. The amortization of the unfavorable contract liabilities does not reflect the underlying performance of the Company.
- -- Cumulative effect of a change in accounting principle: Infrequently, the Financial Accounting Standards Board (FASB) promulgates new accounting standards that require the consolidated statement of operations to reflect the cumulative effect of a change in accounting principle. We exclude these one-time adjustments because they do not reflect our actual performance for that period.
- -- Impairment Losses: We exclude the effect of impairment losses recorded because we believe that including them in EBITDA is not consistent with reflecting the ongoing performance of our remaining assets. In addition, we believe that impairment charges are similar to gains (losses) on dispositions and depreciation expense, both of which are also excluded from EBITDA.

We compute FFO in accordance with standards established by NAREIT (which defines FFO as net income determined in accordance with GAAP), excluding gains (losses) from sales of property, plus depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures (which are calculated to reflect FFO on the same basis). We believe that the presentation of FFO provides useful information to investors regarding our operating performance because it is a measure of our operations without regard to specified non-cash items, such as real estate depreciation and amortization and gain or loss on sale of assets. We also use FFO as one measure in determining our results after taking into account the impact of our capital structure.

In this release, when we discuss our hotels on a "Same Store" basis, we are discussing all of our hotels except the newly built Westin Boston Waterfront, which we exclude for all periods prior to its opening in June 2006 and the comparable period in 2007.

In this release, when we discuss "Hotel Adjusted EBITDA," we exclude from Hotel EBITDA the non-cash expense incurred by the hotels due to the straight lining of the rent from our ground lease obligations, the non-cash amortization of our favorable lease asset, and the non-cash amortization of the unfavorable contract liabilities recorded in conjunction with the acquisitions of the Bethesda Marriott Suites and the Chicago Marriott Downtown. Hotel EBITDA represents hotel net income excluding: (1) interest expense; (2) income taxes; and (3) depreciation and amortization. Hotel Adjusted EBITDA margins are calculated as Hotel Adjusted EBITDA divided by total hotel revenues.
